Abhisek Dash

SUMMARY

MCA student with hands-on experience in Python, SQL, and data analytics. Skilled in data cleaning, exploratory data analysis (EDA), and building end-to-end analytics systems using Pandas, NumPy, and SQLite. Developed automated sales analytics and billing solutions with CRUD operations, revenue analysis, and visualization dashboards. Strong analytical thinking and problem-solving abilities, seeking an Analyst Trainee role to contribute to data-driven business decision-making.

SKILLS

- Python
- Microsoft Excel
- Time Management
- Pandas
- Communication
- Quick Learner
- Numpy
- Result- Oriented
- Prioritization
- SQL
- Adaptability

PROJECTS

Sales Data Analysis Using Python & SQL

- Analyzed sales data using Python (Pandas, NumPy) and SQLite to calculate total revenue and category-wise sales.
- Generated basic visualizations using Matplotlib to identify sales trends and support data-driven insights.

OrderNova 2.0 – Restaurant Order Analyzer

- Developed OrderNova, a Python-based restaurant analytics system that processes order inputs, calculates billing, and stores transaction data using CSV/SQL.
- Performed sales analysis to identify most ordered items, peak order time, and revenue insights, with data visualization using Matplotlib.

TECHNICAL CERTIFICATIONS

- Python Programming – HackerRank(2026) & kaggle (2026))
- SQL (Basic) – HackerRank (2026)
- Prompt Engineering – IBM (2026)
- Data Science Training – Skillotech, Bhubaneswar, Odisha (Ongoing)

EDUCATION

2024 - 2026	Pursuing MCA at Odisha University of Agriculture and Technology(OUAT), Bhubaneswar, Odisha
2021 - 2024	Completed Bsc Computer Science at UtkalUniversity, Bhubaneswar , Odisha
2019 - 2021	Intermediate from Aspire Higher Secondary School, Bhubaneswar - CHSE Odisha
2019	Matriculation from Saraswati Vidya mandir, Bhubaneswar - BSE Odisha

LANGUAGE PROFICIENCY

- English, Hindi, Odia
